

Complete Web Ready Video production from \$995.00.

Your Web Video can be a Video Tour of your company, a Video Brochure, History, Interview or even a detailed, Step by Step description of a specialized product or service. Anything you can imagine we can help realize.

Includes:

Concept and Development -

We will work with you to develop the best video for your needs or we can work with an idea you may already have.

Half Day of Location Shooting -

Up to four hours of digital video production at your company location.

Complete with two man crew, lighting, microphones and all other necessary equipment.

Digital Editing -

Your Web Video will be digitally edited and include titles, and graphics.

Soundtrack -

Custom edited royalty free music bed.

Web Support -

We will work with your web-master to implement the final video so it works on your website and more importantly - works for your business.

Single 1-3 minute video \$995.00

Additional 3 Minute Video -

Sometimes you may need additional, separate videos to detail a different component or department of your company.

\$300.00 each

Narration -

Professional Male or Female voice over.

\$300.00 per 3 minutes

Custom animation -

3D Animation and Motion Graphics can really enhance the power of a Web Video.

Bring charts to life or show the inner workings of product via a moving 3D model. Again anything you can imagine we can usually realize.

\$500 and up

DVD with Custom Menu -

We can author a menu driven DVD presentation of your Web Video or Videos and deliver it with full color packaging.

\$150

DVD Duplication -

Create multiple DVD copies to use in a mailer, marketing campaign or trade show to give away.
